

# **REQUEST FOR PROPOSAL**

## **for**

### **Pharmacy Benefit Management Services**

#### **1563-DHCF-LS**

  

## **AMENDMENT / CLARIFICATION**

**August 21, 2006**

➤ **Amendment**

*Page 18, Section 1.15 Division of Health Care Financing Programs*

The data table in this section, as amended on July 28, 2006, contained inaccurate prescription and paid amounts for the Chronic Disease Program. Correct amounts are 3,142 prescriptions and \$540,801 paid.

➤ **Clarification to the Q&A Document Published Previously**

This clarification corrects the response provided on August 4, 2006 to question 75 in the “Responses to Vendor Questions for RFP #1563 DHCF-LS.” That question asked, “Does the State plan to process medical claims for rebates?” The original response indicated, “Drug rebate collections for medical claims would be the responsibility of the PBM under procurement packages 1 and 2.” This is not correct. Drug rebate collections for medical claims would be the responsibility of the PBM under procurement package 1 only.
